E-Commerce Solutions

A professional business meeting scene. In the foreground, a person's hands are seen pointing at a tablet displaying data. In the background, two people in business attire are shaking hands. A clipboard with various charts and graphs is visible on the table. The overall atmosphere is one of collaboration and data-driven decision-making.

IT Consultation

Mobile App Development

Here Is What We Offer

Native App Development

Product companies have a clear inclination towards native app development to deliver the best device fidelity, user experience and hardware specific features.

Cross Platform App Development

Enterprise-to-consumer apps are fueling demand of cross platform app development to rapidly develop and deploy mobile apps on several mobile platforms.

Enterprise Mobility Solutions

Enterprise mobility solutions, being the most disruptive technological innovation today, setting mobile driven processes and aligning workforce in effective way.

Mobile App Strategy

Mobile app strategy begins with the idea of interaction. The ultimate goal is to build the app that provides customers with exactly, what they want.

Mobile App Monetization

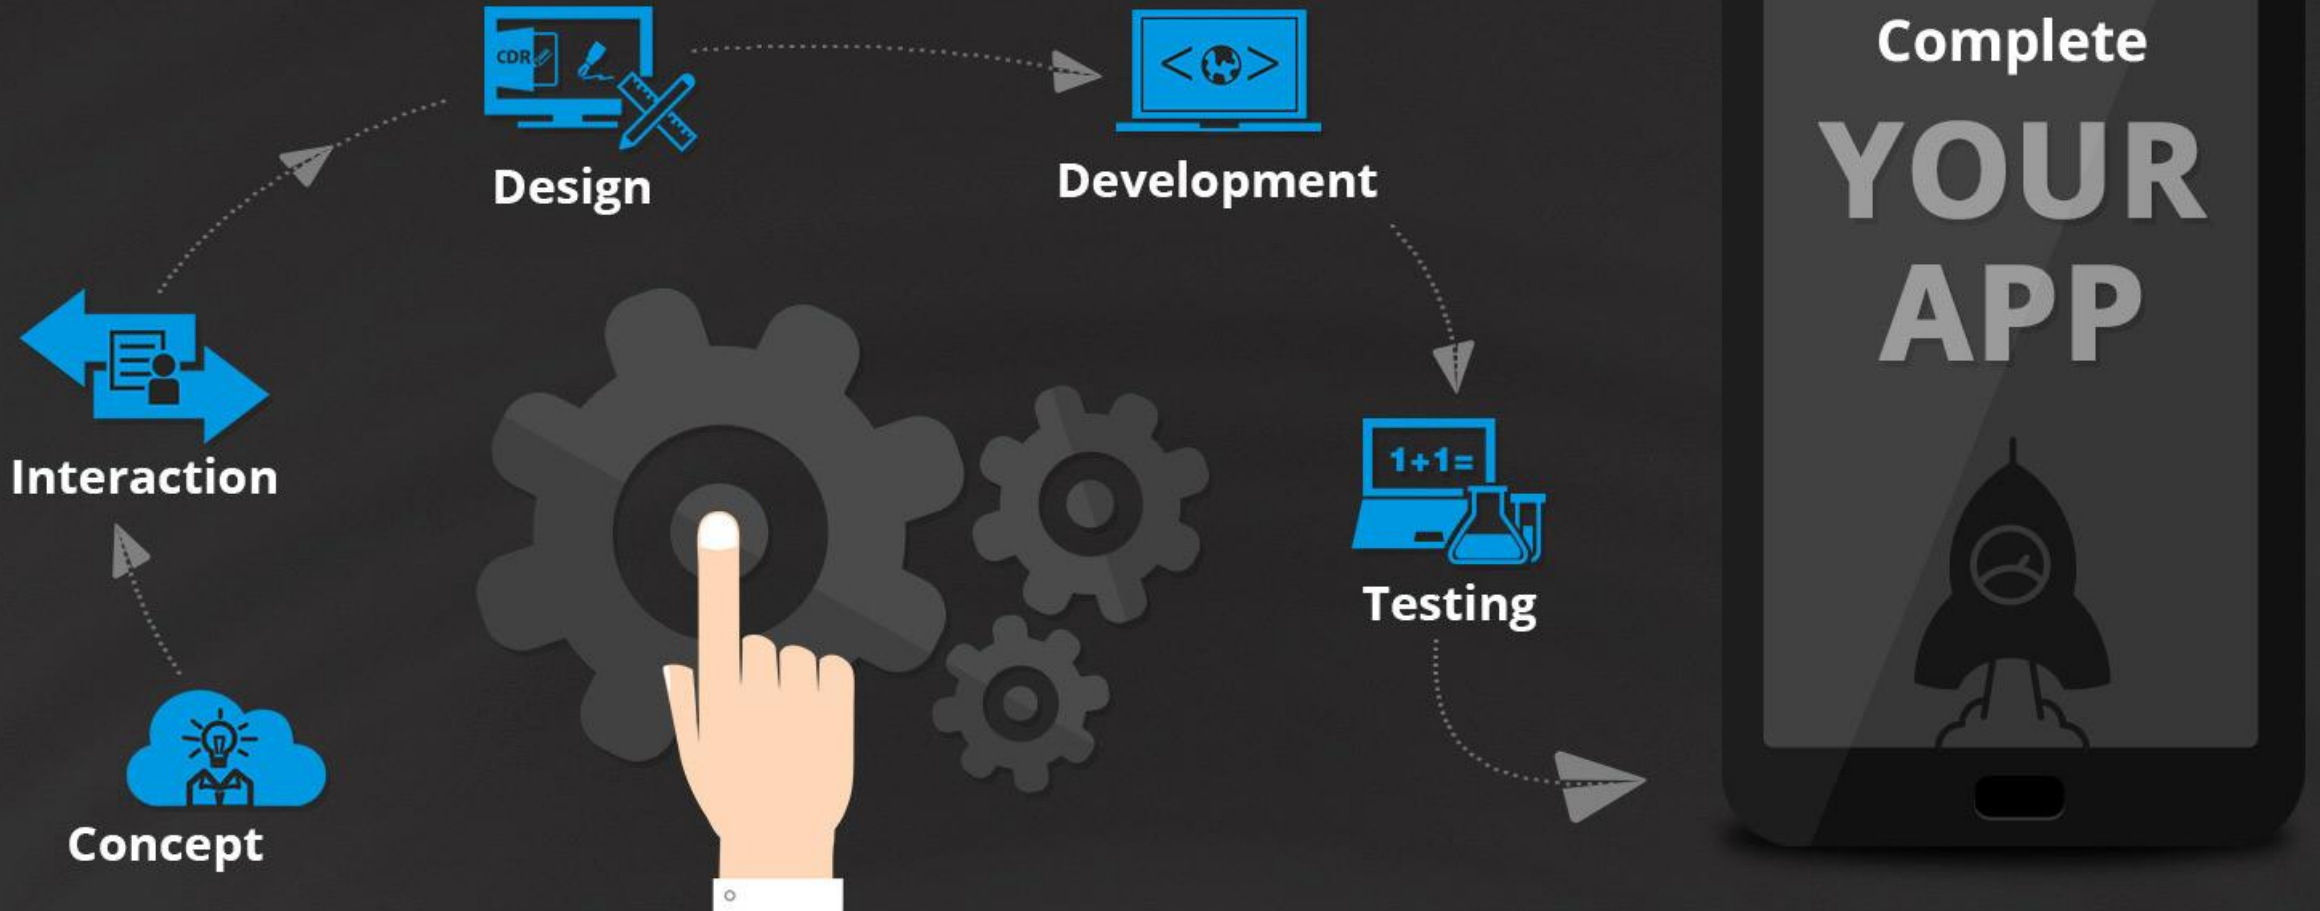

With \$70 billion app related revenues expected by 2017, freemium apps leading the stock but in-app advertising is taking monetization to next level.

Best User Experience

User experience is way more than the way, app looks in terms of user interfaces. Its about providing "WOW" feeling to users, while they navigate.

Mobile App Development
PROCESS

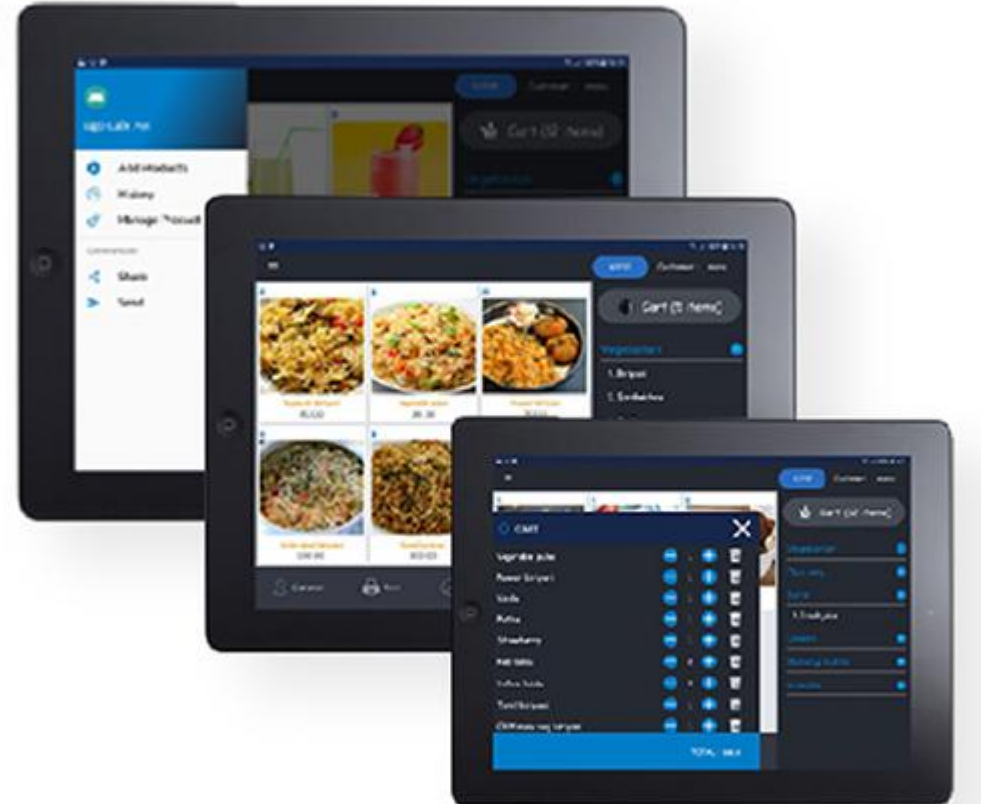

A close-up photograph of a person wearing a blue suit jacket and a white shirt, holding a smartphone in their right hand. The person's left hand is also visible, holding a pen. The background is blurred, showing more of the person's clothing. The text "OUR PRODUCTS" is overlaid in the center in a large, white, sans-serif font.

OUR PRODUCTS

Sigo Cafe Pos

SigoCafe Pos is one of the most popular Tablet-based POS systems for restaurants. It caters to both quick service and full-service restaurants. SigoCafe Pos caters not only to restaurants but also to cafes, pizza parlours, nightclubs, bakeries and more. POS systems provide a platform that is the heart of restaurants; enhances customer experience and streamlining your operations.

Sigo Privilege Card

In today's competitive marketplace, customer loyalty is crucial to business growth. Loyalty marketing has been around for decades and the advantages (increased customer spending, higher retention, consumer evangelizing, etc.) are well-known – it's no surprise to find out that nearly every Fortune 500 company has some sort of loyalty marketing program. Digital loyalty programs are now easier to implement and customizable. Using privilege card apps is one of the best ways for small businesses to easily set up a loyalty program to reward long-term customers.

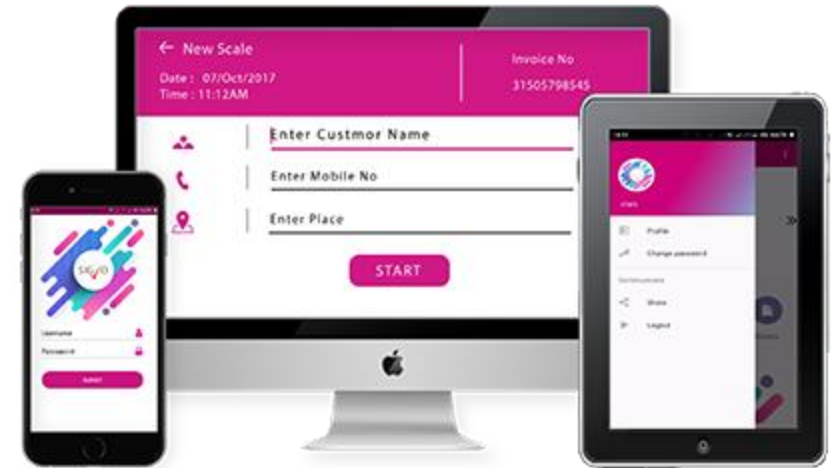

Sigo
